SUMMARY

Decision Science Analyst with over 8 years of experience leveraging advanced SQL in Databricks, automated BI dashboards, and enterprise LLM workflows to evaluate marketing ROI, optimize conversion funnels, and drive data-driven market expansion across a $10M+ commercial pipeline.

SKILLS

- **Data Engineering & AI Analytics:** Advanced SQL (CTEs, Window Functions) | Python | Databricks | Enterprise LLM Platforms | Relational Data Modeling | Data Engineering Collaboration
- **Market & Decision Science:** Marketing ROI Analysis | Conversion Funnel Optimization | Competitive Intelligence | Statistical Problem Solving | Predictive Analytics
- **Business Intelligence & Reporting:** Tableau | Looker | Microsoft Power BI | Enterprise Dashboards | Market-Level Reporting
- **Cross-Functional Leadership:** Technical Stakeholder Communication | Multi-Disciplinary Project Teams | Agile Workflows | Lean Six Sigma

PROFESSIONAL EXPERIENCE

Money Group | Media Buyer (Decision Science & Marketing ROI) | March 2026 - October 2026

- **LLM Workflows & AI Analytics:** Engineered **20+ automated AI skills and workflows** using enterprise LLM platforms to accelerate market analysis and reduce reporting cycles to **under 4 hours**.
- **Marketing ROI & Forecasting:** Extracted and manipulated raw dataset metrics across **5 consumer verticals** to develop forecasting models that optimized **$100k+ in direct spend** and increased partner unit rates from **$25 to $35**.
- **Data Quality & Reporting:** Partnered across data engineering and business operations to reconcile multiple data sources into robust reporting solutions ensuring **100% data integrity** for a **15-person cross-functional team**.

Red Ventures | Growth / SEO Analyst (Market Analytics & Conversion Funnels) | August 2024 - January 2026

- **Advanced SQL & Attribution:** Utilized advanced **SQL and Python in Databricks** to analyze complex datasets and reconcile multi-channel attribution across **40 million+ user sessions**.
- **Enterprise Dashboards:** Designed and implemented automated **Tableau and Looker dashboards** to provide leadership a clear view of market performance and lift conversion efficiency by **19% YoY**.
- **Conversion Funnel Optimization:** Led cross-functional sprint execution to evaluate funnel performance and translate business outcomes into technical requirements driving a **3x lift** in targeted conversions across **1,250+ pages**.

Viva Advertising | Co-Founder (Business Intelligence & Market Strategy) | January 2018 - Present

- **BI Architecture & Market Sizing:** Architected centralized **Power BI and Looker dashboards** to provide self-service analytics and size market opportunities across a **$10M+ commercial pipeline**.
- **Multi-Disciplinary Leadership:** Directed a **15-person cross-functional team** to conduct market-level ad-hoc analyses and optimize resource allocation across **150+ commercial accounts** generating **$10M+ in client revenue**.
- **Predictive Analytics & Statistics:** Developed complex statistical models to identify key insights from market data and deploy predictive workflows that reduced account churn by **83% from 30% to 5%**.

Link Puerto Rico | Co-Founder & Technical Lead (Data Operations & Ecosystem Leadership) | November 2017 - Present

- **Strategic Project Management:** Coordinated joint data operations and tracked project milestones for a **10+ person team** to deploy **100+ digital platforms** driving **over $3 Million** in funding and sales.
- **Technical Stakeholder Communication:** Networked proactively to communicate complex analytical findings to non-technical leadership and advise **80+ enterprise startups** on data infrastructure across **50,000+ paid transactions**.
- **Analytical Enablement:** Founded a **2,000+ developer community** delivering **50+ technical workshops** for **5,000+ participants** and advising 80+ organizations on data-driven modeling.

EDUCATION & CERTIFICATIONS

- **B.S., Computer Engineering (4.0 GPA)** | Universidad Politécnica de Puerto Rico | In Progress (Coursework: Data Structures & Algorithms, Software Engineering, Database Systems, Logic Circuits)
- **Analytics & Process Certifications:** Microsoft Certified: Power BI Data Analyst Associate | Data-driven Strategy with Power BI (UPPR) | Project Management Practice Tools & Techniques (UPPR) | Lean Six Sigma White Belt | CompTIA ITF+
- **Governance & Fellowships:** Stanford University Innovation Fellows | Federal Funds Administration (UPR)

AWARDS

- **Enterprise Leadership:** Business Mentor (Grupo Guayacán) | Global Judge (Enactus) | San Juan Rep (Facebook)
- **Corporate & Engineering Recognition:** Red Ventures Award Winner (2025) | 1st Place Include-a-thon Hackathon by Microsoft (2016) | 3rd Place ASEE Zone 2 (2017)
