Summary

Web Strategy & Analytics Leader, Technical Project Manager & Serial Entrepreneur. 8+ Years Driving Revenue via Data-Driven UX, A/B Testing, and Digital Transformation. Full-Stack & Bilingual.

Skills

- **Web Strategy & Experimentation:** A/B Testing (Optimizely/VWO logic) | CRO | User Journey Mapping | Funnel Analysis | SEO/SEM
- **Data & Analytics:** GA4 | SQL | Databricks | Looker Studio | Tableau | Data Visualization | KPI Definition
- **Project Management:** Agile & Scrum | Jira | Asana | Stakeholder Management | Roadmapping | QA Governance
- **Technical Stack:** JavaScript (Node.js, React) | HTML/CSS | Python | API Integration | Azure | Graph DB Concepts

Growth / SEO Analyst (edX) — **Red Ventures** — **August 2024 - January 2026**

- **Web Strategy & Experimentation:** Orchestrated the "Key Takeaways V2" A/B testing roadmap on Degree Subject Hubs, optimizing UX for AI-driven traffic. Achieved a **69% increase in AI sessions** and a **200% lift in AI-generated leads** (including +260% from ChatGPT).
- **Analytics & Performance Optimization:** Led the "AI Survey Data Refresh" initiative, utilizing pre/post cohort analysis to drive a **9.5% lift in total sessions** and a **38.1% boost in verifications** (bottom-of-funnel impact), directly influencing the 2025 growth strategy.
- **Stakeholder Management & Execution:** Spearheaded the measurement strategy and rollout for the "Degree Hub Redesign." Coordinated cross-functional teams (Product, Editorial, Dev) to scale the redesign to 100% traffic, implementing strict QA governance that ensured data integrity and defensive performance measurement.
- **Data Governance & Dashboarding:** Engineered automated "Health Score" and "OC & Marketplace" dashboards (Looker/Tableau) to standardize reporting for executive leadership. Reconciled GA4 vs. internal database discrepancies to ensure 100% reporting accuracy for operational decision-making.
- **Content Strategy:** Directed the "Content Pruning" initiative, defining scope and timeline to remove low-value pages and improve crawl efficiency, aligning web priorities with broader SEO business objectives.

Co-founder & Marketing VP — **Viva Advertising** — **January 2018 – Present**

- **Strategic Vision & Revenue Growth:** Architected data-driven GTM strategies for a global digital ecosystem, generating **1B+ impressions** and **$10M+ in direct revenue**. Managed a **$50M+ opportunity pipeline**, optimizing programmatic spend to maximize conversion rates.
- **Cross-Functional Leadership:** Led a multidisciplinary agile team of 15 (developers, creatives, analysts), implementing productivity stacks (Asana, Jira) that increased project delivery throughput by **40%** across 150+ concurrent projects.
- **Client Retention & Optimization:** Architected a Sales Enablement framework utilizing predictive analytics to identify at-risk accounts, reducing client churn by **83%** (from 30% to 5%).

Co-Founder — **Link Puerto Rico** — **November 2017 – Present**

- **Technical Ecosystem Building:** Built and managed a technical community of **2,000+ developers**, facilitating 50+ workshops on cloud technologies and software development. Secured and managed **$100k+** in grant funding for infrastructure projects.
- **Web Architecture:** Architected and administered cloud environments (Azure) for internal projects, managing resource groups and cost optimization for non-profit workloads.

Manager — **Gerry Stories** — **October 2019 – Present**

- **Digital Engagement Master: Generated 10+ Million YouTube views** and championed successful content and SEO strategies, proving my ability to captivate audiences and drive growth
- **Collaborative Strategist:** Contributed to impactful digital brand development and digital content strategy, highlighting my teamwork and strategic planning skills which **resulted in a 999% growth in one year**
- **Creative Problem Solver:** Developed innovative business strategies and co-created engaging digital products, showcasing my proactive approach and user-centric solutions

Technical Consultant — **NovuWorks** — **August 2017 – Present**

- **Strategic Advising:** Served as interim technical advisor for **80+ startups**, defining technical roadmaps and scalable architectures that facilitated **$3M+ in cumulative fundraising**.

Education & Certificaciones

- Project Management Practice Tools and Techniques and **Bachelor of Science in Computer Engineering** (Current Student with **4.0 GPA**) from Universidad Politécnica de Puerto Rico
- University Innovation Fellows Program from Stanford University **(Design Thinking)**
- Foundations of Human Centered Design by Seriously Creative

Awards

- Winner of 3rd place in the 2017 ASEE Zone 2 with a Car maintenance system called “Serviser” **(2017)**
- Winner of the 1st in the Include<athon> hackathon with the color-blind assist app called “Picta”**(2016)**
- Annual Winner of “Most Likely to say Awesome” award on the Annual Red Ventures Employee Awards **(2025)**
